Southeast Construction Announces Best Of 2010 Winners

Orlando, Fla. – September 21, 2010 – [Southeast Construction](#) magazine is pleased to announce the winners of its Best Of 2010 awards program. The annual competition recognizes construction and design excellence in the four-state region that includes Florida, Georgia, North Carolina and South Carolina.

This year, 183 entries vied for top honors in 22 different categories, based on construction type. An independent jury of industry experts reviewed the entries, and met in September to finalize this year's winners. Eligible projects had to be located within the four-state region and completed between Sept. 1, 2009, and Sept. 1, 2010.

“Best Of” awards were given to the top entry in a category. “Awards of Excellence” were also presented to projects that the judges deemed to be especially worthy of recognition. All winning projects will be featured in an upcoming issue of *Southeast Construction* and will be honored at a [luncheon](#) to be held at the Rosen Shingle Creek Resort in Orlando on Dec. 8.

Also, five projects were considered for the competition's top prize, the “Judges Award,” for best overall project. Finalists included: **the Georgia Aquarium Dolphin Expansion** in Atlanta; **Shands Cancer Hospital at the University of Florida** in Gainesville; **Atlantic Coast High School** in Jacksonville, Fla.; the **Duke University East Campus Steam Plant** in Raleigh, N.C.; and **the North Terminal Development Consolidation Project, Phase 1**, in Miami, Fla. A secondary review of these nominated projects is under way, with the results to be announced soon.

Top winners in each category will be entered into the National Best Of the Best competition. Those winners will be profiled in *Engineering News-Record* and at www.southeast.construction.com. *Southeast Construction* is part of McGraw-Hill Construction's network of Regional Construction Publications. A list of winners follows.
